## Notice of temporary marshalling on Attleboro Lane, Water Orton

November 2020 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Early works for HS2 are carried out by LM – a joint venture between Laing O'Rourke and J. Murphy & Sons. Please note that the times and dates in this notification are subject to change.

### There will be temporary traffic marshalling

We will employ traffic marshalls on Attleboro Lane from **Monday 23 November for two weeks**. This follows similar works across 2020 and will allow safe access to our work sites to prepare for future construction works, which include roadside vegetation clearance. Our marshalls will be in place between **9:30am and 3:30pm** on weekdays with our teams on site one hour before and one hour after the works to set up and secure the site at the end of each day.

Access will be enabled at all times for properties and businesses. Please see the map overleaf for more information.

### HS2 and the COVID-19 outbreak

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current COVID-19 strategy makes clear that construction activity can continue as long as it complies with this guidance.

The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

calendar and helps to minimise our impact on local wildlife.

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [hs2enquiries@hs2.org.uk](mailto:hs2enquiries@hs2.org.uk)**

### About our Community and Business Funds

HS2 offers two funds that are available to local communities and businesses in Birmingham and the West Midlands, to help with any disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

**For more information about each of these funds, including how to apply, please visit: [www.groundwork.org.uk/hs2funds](http://www.groundwork.org.uk/hs2funds)**

### About our 'HS2 in Warwickshire' website

The planning and construction of HS2 is a huge operation – it is currently the largest infrastructure project in Europe.

It's important to us to keep you up to date about the progress of the project and any work that may impact you or your community. We have a series of community-focused websites where you can find out what is happening in your local area and sign up for updates about our activities.

**Our dedicated website for the Warwickshire area is available at: [hs2inwarwickshire.co.uk](http://hs2inwarwickshire.co.uk)**

On this website, you can also sign up to receive regular news alerts of work happening in your area and see the list of upcoming events offering you the opportunity to meet with HS2.
