

Notice of construction works – Watton Lane

May 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working on behalf of HS2 Ltd to build the new high speed railway in your area.

Water Orton South Compound – Watton Lane

Last year we mobilised into an area to the south of Watton Lane and the east of the M42, M6 Toll, in Water Orton. **(Location shown on map on page 2)**. We created the access and have been setting up the site since, with the installation of office, welfare facilities, lay down areas and a car park.

What work will be taking place

During the coming months BBV will be completing the works listed below:

- Delivery of equipment and materials
- On site construction testing
- Construction of the piling and crane platform
- Installation of a bentonite plant

Bentonite plant

Bentonite is a naturally occurring, non-toxic, fine clay. It is used widely in construction to form solid structures and will be used to aid our construction in the area. We manage the safe use of bentonite through consents, physical and operational controls and continuous monitoring.

Working hours

Our Working hours will be 8.00am until 6.00pm Monday to Friday and 8.00am until 1.00pm Saturday. Our site team may be on site one hour before and one hour after these times to set up and take down equipment.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

What to expect

- This compound will continue to be a working area for BBV throughout the construction programme of the Water Orton Viaducts
- Continuation of construction vehicles and deliveries accessing site
- Installation of a bentonite plant
- Working hours 8.00am until 6.00pm Monday to Friday. 8.00am – 1.00pm Saturday

What we will do

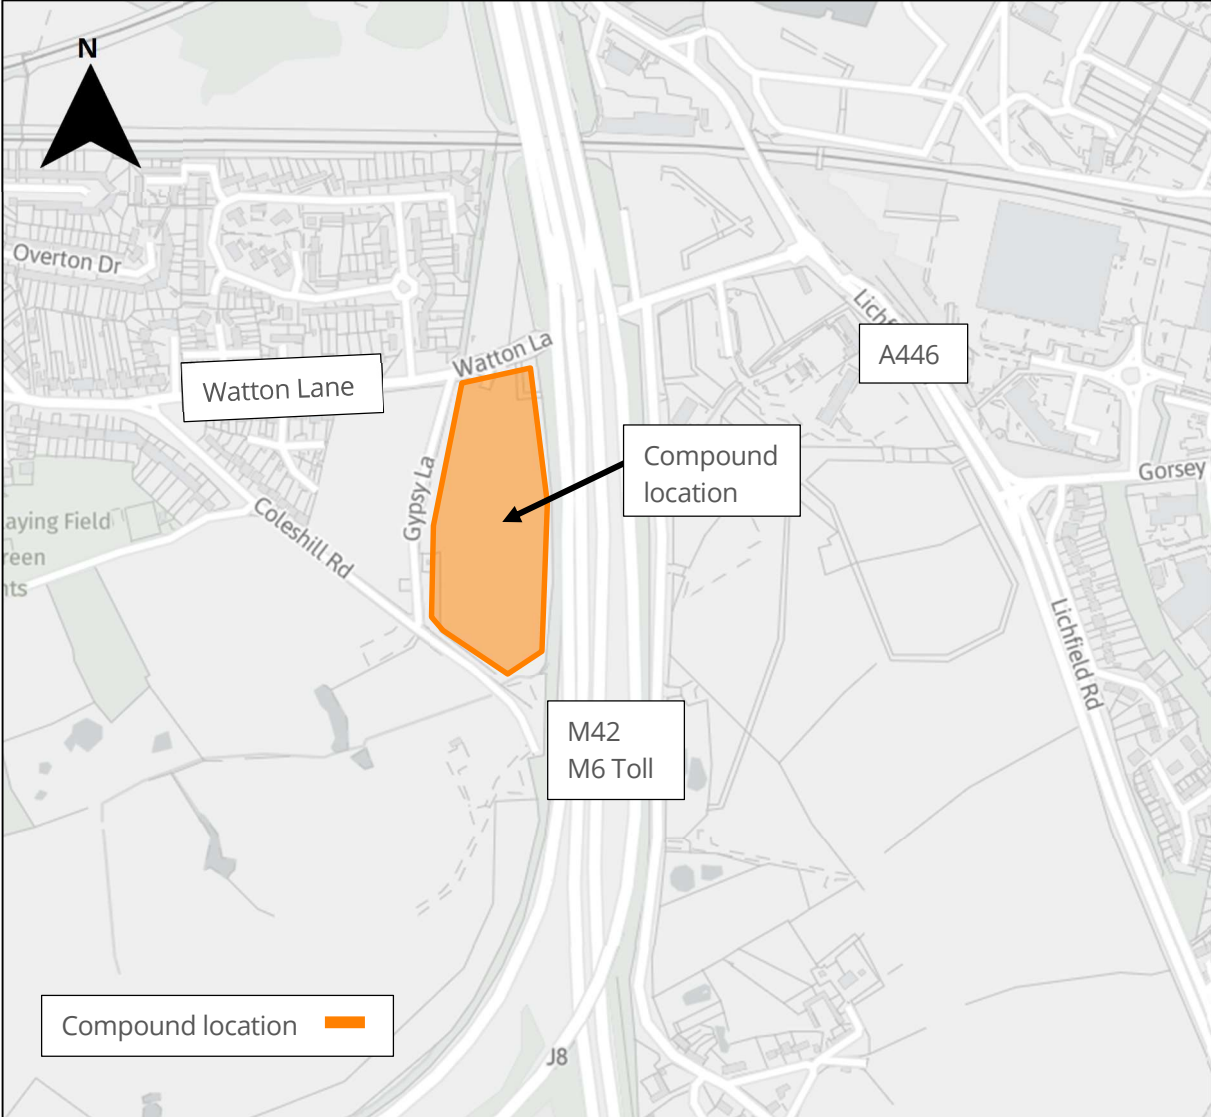

- Inform you in advance of any changes to the dates shown through www.hs2inwarwickshire.co.uk
- Keep all sites safe and secure

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route. www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at: www.gov.uk/government/collections/hs2-ltd-residents-commissioner

You can contact the Commissioner at: residentscommissioner@hs2.org.uk

Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing: complaints@hs2-cc.org.uk

Property and compensation

You can find out all about HS2 and properties along the line of route by visiting: www.gov.uk/government/collections/hs2-property
