

STATEMENT OF INTERNAL CONTROL & ANNUAL REVIEW OF THE EFFECTIVENESS OF INTERNAL CONTROL

OVERVIEW

Regulation 3 of the Accounts and Audit Regulations 2015 states that:

A relevant authority must ensure that it has a sound system of internal control which—

- a) facilitates the effective exercise of its functions and the achievement of its aims and objectives;*
- b) ensures that the financial and operational management of the authority is effective; and*
- c) includes effective arrangements for the management of risk*

In accordance with proper practices, the Council is required to conduct a review of the effectiveness of its system of internal control at least once per year. The council is required to sign the Annual Governance Statement (part of the Annual Governance and Accountability Return submitted to external audit) to evidence that this review has been carried out.

To review the effectiveness of the internal control system there needs to be clarity on the internal controls in place. Some internal controls are listed in the Standing Orders and Financial Regulations, but the system of control goes beyond this. A statement of internal controls has therefore been prepared and is included following this report.

RECOMMENDATION

That the Council consider the attached statement of internal controls, reviewing it to consider whether the controls currently in place are effective

The following statement of internal control will be considered for approval by the Council on 1st December 2022 as a true statement of the course of events undertaken by the Clerk/RFO.

Prepared by Kate Clover, Parish Clerk
