

Morning all,

North Warwickshire Borough Council has commissioned management consultancy Knight, Kavanagh & Page (KKP) to carry out an assessment of playing pitch and outdoor sport facilities, which will result in the production of a Playing Pitch Strategy for the Borough. This will identify local need for provision within North Warwickshire and will inform decisions on future strategic planning and any investment priorities for provision across the area.

It will involve carrying out a comprehensive audit and assessment of the supply and demand issues of all outdoor sport facilities (e.g. football pitches, cricket squares, tennis courts etc). It will include all sports facilities whether managed in the public, private, voluntary or education sectors.

**In order to ensure that your Parish/Town is accurately accounted for in this work, could you please complete the survey below on behalf of your Council by the 19<sup>th</sup> May:**

## [North Warwickshire Parish Council Survey](#)

I hope this is sufficient information for the time being and would ask for your support and assistance in this matter.

If you require any further information on the above study please do not hesitate to contact myself, at KKP ( [REDACTED] ) or [REDACTED], Senior Planning Officer at North Warwickshire Borough Council ( [REDACTED] )

Kind Regards,

[REDACTED]

### **NORTH WARWICKSHIRE BOROUGH COUNCIL: PLAYING PITCH STRATEGY**

Dear Stakeholder,

I am writing to ask for your support on an important piece of research, which the North Warwickshire Borough Council is currently undertaking.

The Council has commissioned management consultancy Knight, Kavanagh & Page (KKP) to carry out an outdoor sports facilities assessment in the area, which will result in the production of a Boroughwide strategy. The Study is being carried out in accordance with Sport England guidelines.

It will involve carrying out a comprehensive audit and assessment of the supply and demand issues of playing pitches (e.g., football, rugby union, cricket, hockey). It will include all facilities whether managed within the public, private or voluntary sector.

The assessment will identify local need for provision within the Borough and will serve as the key evidence base that will inform future strategic planning and potential investment priorities for outdoor sports facilities across the area.

Representatives from KKP may contact you in the near future to undertake a telephone interview or arrange a virtual meeting to discuss the quality and access of sports facilities. The information collated will only be used for the purposes of the study and will not be used for any commercial purpose.

I hope this is sufficient information for the time being and would ask for your support and assistance in this matter. If you require any further information on the above study, please do not hesitate to contact [REDACTED] ([REDACTED]) Senior Consultant at KKP, or [REDACTED] ([REDACTED]) Senior Officer at North Warwickshire Borough Council.

Thank you in advance for your co-operation.

Yours sincerely,

[REDACTED]
